

Year 6 SATs 2023

## What are the SATs?

- SATs are the Standardised Assessment Tests that are given to children at the end of Key Stage 2.
- The SATs take place over four days, starting on **Tuesday 9<sup>th</sup> May** ending on **Friday 12<sup>th</sup> May**. Monday 8<sup>th</sup> May is a bank holiday this year.
- The SATs papers consist of:
  - Grammar, punctuation and spelling (paper 1: GPS) – Tuesday 9<sup>th</sup> May
  - Grammar, punctuation and spelling (paper 2: Spelling) – Tuesday 9<sup>th</sup> May
  - Reading – Wednesday 10<sup>th</sup> May
  - Maths (paper 1: Arithmetic) – Thursday 11<sup>th</sup> May
  - Maths (paper 2: Reasoning) – Thursday 11<sup>th</sup> May
  - Maths (paper 3: Reasoning) – Friday 12<sup>th</sup> May
- Writing is assessed using evidence collected throughout Year 6. There is no Year 6 SATs writing test.

*The key stage 2 tests will be taken on set dates*

## Grammar, Punctuation and Spelling: Tuesday 9<sup>th</sup> May

Grammar, punctuation and spelling consists of two papers.

- Paper 1 focuses on all three elements (grammar, punctuation and spelling or GPS). The paper lasts for 45 minutes.
- Paper 2 consists of a spelling test only. It should take approximately 15 minutes, although this is not a set amount of time (pupils should be given as much time as they need to complete the test).

## Grammar, Punctuation and Spelling: Paper 1 (GPS)

The children will have been working hard with their class teacher on developing and securing their knowledge of the technical vocabulary needed in this test.

This test focuses on:

- Grammatical terms/ word classes;
- Functions of sentences;
- Combining words, phrases and clauses;
- Verb forms, tenses and consistency;
- Punctuation;
- Vocabulary;
- Standard English and formality.

## Reading: Wednesday 10<sup>th</sup> May

There is one reading test that lasts for 60 minutes.

The test is designed to measure if the children's comprehension of age-appropriate reading material meets the national standard. There are three different set texts for children to read. These could be any combination of non-fiction, fiction and/ or poetry.

The test covers the following areas (known as Content Domains):

- Give/ explain the meaning of words in context;
- Retrieve and record information/ identify key details from fiction and non-fiction;
- Summarise main ideas from more than one paragraph;
- Make inferences from the text/ explain and justify inferences with evidence from the text;
- Predict what might happen from details stated and implied;
- Identify/ explain how information/ narrative content is related and contributes to meaning as a whole;
- Identify/ explain how meaning is enhanced through choice of words and phrases;
- Make comparisons within the text.

Example questions:

Look at page 9.

Vladik is always changing his *Dralion* performance.

Give **two** ways that these changes to his performance happen.

1. \_\_\_\_\_

2. \_\_\_\_\_

2 marks

## Do those changes happen naturally, or are you looking for ways to change it?

Sometimes those changes happen naturally, yeah. Sometimes I say to myself, "Wait a minute! I'm doing this differently." I don't know how it even happens. Some things, of course, I modify deliberately; I add a trick in or something. It's easy to do it in practice. I have many, many tricks in training. But when you're on stage, it's different because you really have to have it perfect. Especially because you get used to doing the same things for that long. So when you start to put in something new, you automatically feel your body doing something wrong. [Laughs]

## Reading

Since the current testing formation for the SATs began in 2016, there has been a tendency for three types of questions to be the most popular.

In the 2022 Reading SATs paper,

- 10% of marks could be gained from answering questions involving giving and explaining the meaning of words in context;
- 38% of marks could be gained from answering questions involving retrieving and recording information or identifying key details from a text;
- 44% of marks could be gained from answering questions involving making inferences from a text and justifying inferences with text evidence.

When reading with your child at home try focusing on these types of questions.

## Maths: Thursday 11<sup>th</sup> May and Friday 12<sup>th</sup> May

The maths assessments consist of three tests.

- Paper 1: Arithmetic (30 minutes) – Thursday 11<sup>th</sup> May
- Paper 2: Reasoning (40 minutes) – Thursday 11<sup>th</sup> May
- Paper 3: Reasoning (40 minutes) – Friday 12<sup>th</sup> May

# Maths Paper 1 (Arithmetic)

The maths arithmetic paper has a total of 40 marks and lasts for 30 minutes.

The test covers the four operations (addition, subtraction, multiplication, division, including order of operations requiring BIDMAS), percentages of amounts and calculating with decimals and fractions.

Example questions:

<b>32</b>	$2\frac{1}{2} - \frac{2}{3} =$	
		<input style="width: 50px; height: 20px;" type="text"/> 1 mark

<b>33</b>	$\begin{array}{r} 4078 \\ \times \quad 67 \\ \hline \end{array}$

33	Award <b>TWO</b> marks for the correct answer of 273,226  If the answer is incorrect, award <b>ONE</b> mark for a formal method of long multiplication with no more than <b>ONE</b> arithmetic error, e.g. <ul style="list-style-type: none"> <li>• <math display="block">\begin{array}{r} 4078 \\ \times \quad 67 \\ \hline 28546 \\ 244680 \\ \hline 273126 \end{array}</math> (error)</li> <li>OR</li> <li>• <math display="block">\begin{array}{r} 4078 \\ \times \quad 67 \\ \hline 28544 \\ 244680 \\ \hline 273224 \end{array}</math> (error)</li> </ul>	Up to 2m	Working must be carried through to reach a final answer for the award of <b>ONE</b> mark.  <b>Do not</b> award any marks if the error is in the place value, e.g. the omission of the zero when multiplying by tens: $\begin{array}{r} 4078 \\ \times \quad 67 \\ \hline 28546 \\ 24468 \\ \hline 53014 \end{array}$ (place value error)

## Maths Papers 2 and 3 (Reasoning)

Paper 2 will take place on Thursday 11<sup>th</sup> May and paper 3 will take place on Friday 12<sup>th</sup> May. These tests have a total of 35 marks each and lasts for 40 minutes each.

These papers require children to demonstrate their mathematical knowledge and skills, as well as their ability to solve problems and their mathematical reasoning. They cover a wide range of mathematical topics from key stage 2 including,

- Number and place value (including Roman numerals);
- The four operations;
- Geometry (properties of shape, position and direction);
- Statistics;
- Measurement (length, perimeter, mass, volume, time, money);
- Algebra;
- Ratio and proportion;
- Fractions, decimals and percentages.

## Supporting your child in preparing for the SATs

Firstly, a positive attitude goes a long way. Give them as much encouragement and support as you can (but we don't need to tell you that)!

Tips:

- Talk to your child's class teacher if you have any concerns rather than worry your child.
- Give your child a quiet, distraction free space to complete homework or study.
- Ensure your child is eating and drinking well and getting a good amount of sleep.
- Plan something nice and fun for the weekends before and after SATs. This will help them to relax before the SATs and give them something to look forward to after.
- Complete homework tasks with your child.
- Read often with your child: Vocabulary, retrieval, inference, justifying inferences

## Supporting your child in preparing for the SATs

- Keep revision light. Going over key skills (times tables, real world mental maths as you are shopping or cooking) is a good way to keep revision light.
- Access activities/websites found on our class page: <https://www.cockerham.lancs.sch.uk/kestrels/>

## Things to remember about SATs

SATs focus on what children know about Maths and English.

They will not reflect how talented they are at science, geography, art, PE..., and they certainly won't highlight all of their amazing personal characteristics.

SATs don't tell the whole story.

Their results will say if they did or did not meet a certain standard but not necessarily by what margin. These thresholds change each year according to the overall national performance, so what was classed as 'meeting the expected standard' this year might not be the same as last year.

SATs are only four days out of a whole Primary School career.

In reality, there's one or two papers each day that last 30 to 60 minutes.
